Were there not real virtue in this wonderful medicine could it perform the astonishing cures made by it?

Norrampton Co., April 18, 1852.

Messrs. Tyler & Adair: I have been afflicted with Rhematism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, inernal and external, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled.

Yours, ELIZABETH BAGWELI.

Messrs, Mortimer & Mowbray: Mrs, Elizabeth Bagwell is a lady of the highest respectability, wealthy and influential. The cure in her case speaks volumes in favor of this wonderful Thecture. Several other persons we have heard of have derived great benefit from its use in our county. We are entirely out of the article, and have daily anxious inquiries to know when we will receive another supply. We expect large sales of it from the present demand, and want you to send us a box as soon as possible.

Yours,

Northampton county, April 12, 1852.

A CLOUD OF WITNESSES. We have certificates from Captain Canot, brother to the eminent physician to Louis Napoleon, President of the French republic, who was cured of Rheumatism of severy years' standing; one from Robt. Gault, do., of seven years one from Mr. Oldham, Baltimore Custom-house, of a dreadful case of dyspepsia; one from Jno. Luke, of a case of dyspepsia and general debility; and one from J. K. Stapleton, esq., of Baltimore, with hundreds of others.

REV. VERNON ESKRIDGE, U. S. N

PORTSMOTH, (Va.,) Aug. 18, 1851.

Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsla, loss of appetite, dizriness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours, VERNON ESKRIDGE, Chaplain in the U. S. Navy.

We ask the afflicted to call on those having this wonderful

article for sale and get pamphlets, gratis.

KRAUSER'S PATENT CLOVER-SEED HAR-IS BEFORE THE PUBLIC FOR THE FIRST TIME

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

Its utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten-to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then leaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that every farmer will have it, and pays the manufacturer 300 per cent. have it, and pays the manufacturer out per term.

E. WHEELER, Agent for Washington.

CROSS KEYS, WASHINGTON TOWNSHIP, CAMDEN Co., N. J.,

We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harrester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krauser's clover in this neighborhood—it is all that Mr. Krauser's clover in this neighborhood—it is all that Mr. Krauser's clover in this neighborhood. farmers' clover in this neighborhood—It is all that Mr. Krau er and his bills represent it to be. The farmers have given one-half for gathering and threshing.

JAMES D. TIMBERMAN, WILLIAM F. GARWOOD, WM. C. NICHOLSON,

JAMES B. COOK, JAMES B. COOK,

JOHN F. COOK, JAMES B. COOK, JAMES BRYSON, PETER H. JONES. JAMES COLLINS, CHARLES LEWIS, THOMAS TUMBLESON,

Long-a-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clove off of a sixteen-acre field of mine, which has been pasture two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

NEHEMIAH NICHOLSON.

The following points out the profitable nature of the Harvester: KRAUSER'S PATENT CLOVER-SEED HARVESTER We have conversed with a number of Farmers and they are of opinion that there are at least 3,000 acres in each town ship in Camden or Gloucester county, New Jersey. Admit-ting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres.

Incidental expenses.....

Cost of harvesting, &c., 1,000 neres.... Terms of gathering, on shares of one-half; which would leave from the above calculation in the hands of the gatherer 500 bushels. Selling it at \$5 per bushel would be \$2,500; deducting expenses, \$500, would leave a balance in the hands of the gatherer of \$2,900.

In a county where there are but 8 townships, deduct 5 and multiply the \$2,000 by 5 would be \$10,000.

We believe the above calculation to be indisputable. From

the numerous farmers with whom we have consulted, whave found them to agree unanimously with the above on

pulation.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large same onesy could without doubt be realized from the sale of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying bosiness.

Those who wish to see a model of this celebrated farming implement, and the satisfactory manner in which it operates, can do so by calling at

The Late Convention.

Our reports of the proceedings of this body have been limited to results. A full history of its proceedings will hereafter be placed before our readers.

The Baltimore American thus graphically describes the closing scenes:

"The general expectation that the protracted labors of the Convention would be brought to a close, and the nomination of a candidate for the Presidency speedily accomplished, gave an intensity to the degree of interest with which the pening proceedings of the Convention were ooked for yesterday morning; and at the hour of meeting the hall presented again the vast congregation of excited and expectant spectators whose attendance has been one of the striking features

Mr. Brodhead, of Missouri, likewise refuted the charge, and caused a letter from Mr. Bates of the Convention. · The calling of the roll for the first and succeeding ballots-the slow but continued charges which indicated the direction in which the preference of the Convention was tending, were each watched with an earnest, an eager interest, which showed to what an extent the feelings and in the gift of the people. [Applause.]

The name of James A. Pearce was withdrawn, and the Maryland delegation voted for Mr. desires of the thousands assembled-and who in this respect formed but a reflection of the same degree of feeling prevailing throughout every portion of the country—had been engaged in the As State after State was called, and the vote given for Mr. Graham, there were wild expresresult. "The feelings of cordial unanimity and of good understanding which characterized the latter part of the morning's session were still more the respective delegations to constitute the Whig strongly evidenced on the reassembling in the evening of the Convention, in the enthusiasm with which, on the second ballot, the nomination shire, Aaron F.
